Hamlin Pied Pipers Meet Aspermont Friday

Hamlin Pied Pipers will play their second game of the season Friday when they meet the Aspermont team on their home field. The game will be played at the Hamlin City Park, Friday afternoon (to-day) at 3:30 o'clock.

This is a non-conference game, but promises to be one of much interest to local fans of both teams.

For the past two seasons Aspermont has been victorious over the Hamlin team, and in today's contest the Pipers will strive to retrieve this honor.

Boys on the 1938 squad include only six lettermen from last year's team. They are:—

Max Carlton, 170; Bill Morrison, 170; Doby Johnson, 250; Cecil Sel-

lers, 165; Brookie Pitcock, 143; George Dean, 150.

Others reporting and their weights are De France Burton, 125; Bobby Barrow, 140; Joe Bond, 157; Clay Bailey, 110; Marnie Ray Barton, 132; Don Coles, 126; R. A. Dean, 140; Raymond Elkins, 149; Jack Ellison, 140; J. R. Elliott, 137; S. C. Ferguson, 138; Tollie Fudge, 160; Gerald Ivy, 155; Bill Harbert, 130; J. L. Jones, 140; Jack Kelley, 170; Roland Kennedy, 152; Dick Kelley, 157; Ivan Mustang, 178; James Nicholson, 135; Norman Lasseter, 130; Everett Nelson, 126; Jack Russell, 145; Dean Redus, 160; James Steed, 138; Leonard Sowell, 152; Jon Max Taylor, 135; J. Hamlin Schools Open With Large Enrollment

Many Improvements For the Session

Superintendent C. G. Green reports that the Hamlin schools opened for the session of 1938-39 with a large assignment for each of the twenty-four regular teachers employed in the system.

IMPROVEMENTS AT ELEMENTARY SCHOOL

By frugality and by collecting school money from as many sources as possible the Hamlin School Board and the Superintendent were able to finance the following much needed improvements at the Elementary School. The cost amounted to \$668.89, as indicated by checks issued:

Building new sidewalk and curb, Rebuilding boys and girl's rest-rooms,

Painting and calcimining, Concrete drainage for downspouts,

Tinner's work, Blackboard repairs.

SPECIAL DEPARTMENTS

Miss Pauline Harrell, Public School Music, B. S. degree from McMurry. Miss Harrell secured one unit of affiliation last year in public school music and no doubt will secure an additional unit this session. Miss Harrell also directs the choral club and teaches public school music in the grades below the high school. Hamlin is the only school in Jones County with a full-

time accredited program in public school music.

Miss Edwina Gilbert, Teacher of Piano. Bachelor of Music and Bachelor of Public School Music from Southern Methodist University. Miss Gilbert's department is unusually well patronized and contributes much to the general success of our schools.

Mrs. V. L. Dopson, Director of Art, Abilene Christian College. The many pupils taking under Mrs. Dopson's direction win much praise for their high quality of work.

Mrs. Heflin Miller, Speech Instructor, graduate of Cooke's School of Expression and student of Denver Conservatory of Fine Arts. Mrs. Miller's efficiency in her teaching attracts many pupils to her department.

Mr. G. C. Collum, Director of Hamlin High School Band and Special Instrumental Music, Graduate of Conn National School of Music, Chicago, Ill., and student of Burselon College, Greenville. Mr. Collum's Band, although it is in its beginning stage, is meriting the strong commendation it is receiving. All of Hamlin is proud of our new band.

The elementary department has the following enrollment: First Grade, 69; Second Grade, 53; Third Grade, 70; Fourth Grade 61; Fifth Grade, 58; Sixth Grade, 51;

NEW DOCTOR FOR HAMLIN HOSPITAL AND CLINIC

Dr. Urban J. Dowling of Houston arrived Wednesday to take charge of the Hamlin Hospital & Clinic, taking the place of Dr. T. C. Gentry and wife Dr. Patti Faye Inzer, who are resuming their position in the Army Service. Dr. Gentry has been in Colorado for several weeks, and will be joined by his wife in a few days.

Dr. Dowling comes to Hamlin highly recommended as a citizen and physician and surgeon. He has a wife and one son, 4 years old, James. Their residence will be in the same home that Dr. Gentry and wife have had, the Dr. Bynum residence on 5th Street and Houston Avenue.

While Hamlin people will welcome Dr. Dowling and his family to our city, yet they regret to see Dr. Gentry and wife leave. This young couple have made many friends in the short time they have been in this community. Dr. Dowling announces that Mrs. Roberts, who has been with the Hospital since Drs. Gentry and Inzer have had it, will continue as head nurse.

ANNOUNCEMENT

We wish to thank our patients for their patronage, and we take this means to let them know that Dr. U. J. Dowling of Houston now has charge of the Hamlin Hospital and Clinic. Dr. Dowling has all your records and will be glad to continue service to you.

We deeply appreciate all the courtesies shown us during our stay in Hamlin.

Thomas C. Gentry, M. D.
Patti Faye Inzer, M. D.

Miss Mary Beth Moody is returning this week to S. M. U. to resume her work. She is a junior this year.

Seventh Grade, 60. Total 422. This gives an average of 35 for each teacher in this department.

The enrollment in the High School building is as follows: High 7th, 12; Freshmen 79; Sophomores, 84; Juniors, 73; Seniors, 74. Total, 322. The average class enrollment for each of the twelve teachers employed in the High School Department is 22.

REGULAR FACULTY

C. G. Green, Superintendent, B. A. and M. A. degree from the University of Texas.

HIGH SCHOOL FACULTY:

Rotary Official

ROTARY DISTRICT GOVERNOR
LINTON H. ESTES

Hamlin Rotary Club was honored by a visit, on Wednesday of this week, by District Governor, Linton H. Estes, of Wichita Falls.

At the Wednesday meeting there were also a number of visitors from Abilene who enjoyed the talk of Rotarian Estes.

Some of the chief points in Mr. Estes' talk was that the spirit of Rotary is found in 81 countries of the world, with 200,000 members, and about 4,800 clubs. He pointed out the fact that in all the world of Rotary this, the 127th District stood last year as third in rating. That is a remarkable reputation and it is possible that it could stand at the top . . . that Rotary stresses fellowship, friendship and goodwill among men in every nation.

Governor Estes brought out the question "Suppose Your Club Should Disband," would you miss the fellowship, the friendly touch, that now prevails? This was his third talk as the New Governor. He has 51 clubs in his district and it will take from now till after Christmas to pay the official visit.

Hamlin's Club is starting off on the new year with Mac Brundage as president, and Forrest Greenway, Secretary-Treas. The club is in its eleventh year and every member is proud of the fact that he was invited to represent his classification in this community. Rotary constitution provides for one person to represent each class of business in a community, regardless of its size or importance. Rotary seeks to create a better feeling between nations and peoples . . . some countries for example, Germany, decreed the abolishment of Rotary clubs, as did they also all other kinds of organizations, maybe because the ruling powers thought maybe somebody would start talking about the rulers if unsupervised.

OFF TO TEXAS UNIVERSITY

Five Hamlin boys have enrolled in Texas University during this week. John F. Green and W. F. Martin returned Saturday to Austin to resume their work as sophomores and to be present for rush week. W. F. was accompanied by his mother Mrs. W. F. Martin who will spend the school term in Austin. Mr. and Mrs. Clifford Reynolds accompanied their son, Clifford Jr. to Austin, Monday, where he is entering the University for his first years work. J. B. Terrell and Calvin Smith Jr. left Wednesday for Austin to take work in Texas University. J. B. will be a sophomore and Calvin enters as a freshman.

A REQUEST

A large number of Hamlin boys and girls have left this week to enter our various colleges and universities. Others will leave next week, and while we have tried to get the names of each student and the school each will attend, we feel certain we have omitted some. If your child or your friend has gone or is going to attend college this year please notify us so that the Hamlin Herald may have the privilege of recording this "happy occasion" for every one of our young people.

Fred B. Moore Jr. and E. J. Whaley will leave Friday for Waco to attend Baylor University. Fred B. attended New Mexico Military School last year and will enter Baylor as a sophomore. J. B. will be a freshman.

One man's happiness can never be built out of another man's misery.

Hamlin People to Vote On Water Bonds, Sat., Oct. 1

The Herald is carrying, this week and next week, an order for an election to be held in the City of Hamlin, on Saturday, October the First, to determine whether or not the people of Hamlin desire to avail themselves of the governmental aid that is so common all over the nation at this time.

The City Council has been much concerned the last few weeks because of the fact that the time limit to get the governmental grant will expire at the close of this month, hence the short time left to let the people know the situation. It required a vast amount of careful work to shape the order for the election. It has required several trips to Ft. Worth, and a great amount of preliminary work, to fit our situation into the governmental plan of helping in this needed public enterprise.

Time is short and not all that should be said on the water question can be printed this week. The Herald will carry something two more weeks after this, and if every loyal citizen, interested person, in and around Hamlin will talk and try to understand sympathetically, and get the full facts about the only feasible plan that seems available to secure more and ample water for the city of Hamlin, the bond issue will carry almost unanimously.

Get this, the order says that the water bonds will be backed by water revenues, and NOT a tax on property. This means that the use of the water will retire the bonds.

Get this: The estimated cost of

the new water supply system is \$234,000.00 and the government grant will be 45 per cent of that amount. In other words, the bonds call for but a little over half of the cost.

HOW AND WHERE?

For many months, Engineer French of Abilene has been surveying and figuring on what is feasible and possible in the way of water around Hamlin. He, like the late engineer Riney of Abilene, surveyed the land lay of Dry California Creek, which flows "north" from the area between Hamlin and the divide north of the Clear Fork of the Brazos.

This stream is called "Dry" but as a matter of fact it flows, perhaps more than any other creek in this part of West Texas, and most of the drainage area, which is more than 30 square miles above the proposed dam, is not so heavily impregnated with gypsum deposits. Old settlers will tell you that this creek carries a vast amount of water following even ordinary rains, and in heavy rains it becomes a stream of wide and deep proportions. That means water, if it can be stopped, and piped into Hamlin limits. Engineer French says his plan to throw a dam across the creek just below the road that runs south of the Station lands, and provide a concrete spill-way 400 feet long, and deep enough to carry the flood waters, the area will impound 600,000 gallons. It should be understood that all this country is "flat" and therefore to hold back

MAYBE WAR

All this week the world has been anxious about the immediate future already information says death and dismay has started in Czechoslovakia where there are perhaps about three and half million Sudeten Germans who seek separation from that country.

The least effective way to settle national trouble is by means of war, yet our own country has resorted to war several times, and would do so again, if certain circumstances should come up. It seems that not all the trouble was settled in 1918-19 when the victorious nations sat down to re-shape the bleeding nations of the world.

Many small nations that had been ruled by Germany were given their liberty and ancient boundaries set. Czechoslovakia was one of them, and within its boundaries were caught a large number of Germans, and nobody ever heard of them being treated wrong until Hitler and his propagandist began to insinuate that they were being mistreated. It is very much like telling a school boy his teachers are treating him wrong and that he should kick off the yoke, and if he can not, some big guy will do it for him. That makes the Sudeten Germans feel that if Mrs. Czechoslovakia don't give them everything they want, brother Hitler will come over and

spank her. That's where war will start, if it starts. And we believe, Big Bluff Hitler is really bluffing, and yet he may play so close to fire that he will start a big conflagration that will include the world again. Friday may bring an entirely different picture, maybe war.

RESIDENCE BURNED THURSDAY MORNING

A quick fire destroyed one of Hamlin's early residences in the east part of town about nine o'clock Thursday morning.

This place was known as the Acuff home, and was occupied at the time by Thomas Conner and wife, George LaBaume and wife and four Owens children, orphans, brothers and sisters of Mrs. Conner.

Information gleaned by the largest of the children, was that Mr. and Mrs. LaBaume and baby were not at the house, and neither were Mr. and Mrs. Conner. Three of the children were trying to get their breakfast and the oil stove exploded, and quick-

ly the house was a solid blaze. The three children got out and for many minutes their cry and screams lead the crowd that assembled to believe that the smallest boy, age six, was burned in the building. Anxious moments prevailed, as three or four streams of water were poured on the flames and when reduced to mere embers, the little fellow showed up from a different direction. He had scampered away in the excitement and was safe.

One can not imagine how anxious he will feel to look into a white hot roaring fire and think maybe in there is a burning human, and that was what the firemen and onlookers thought Thursday morning. It was a great relief when the little fellow was found unhurt.

Now right here Hamlin people have a chance to help somebody. You see the three frail children, poorly clothed at best, lost everything except the thin flimsy stuff they had on. This is true also of the couples living in the house. All lost, and not a bit of insurance.

Also right here lets remind Hamlin people that those little children have before this been in a sad situation. Their mother died a terrible death right here in the heart of Hamlin not many weeks ago. Their father has been taken from them because of a crime. It was learned at the fire that Rev. Henry Littleton was planning to take or send these children to the Baptist Orphans Home Friday. When they get there it will seem like an earthly heaven for them. But before they are carried away they should be neatly clothed, and it is up to kind-hearted Hamlin people, who can, to do something for them. But by the time this paper is out, the children will likely be on their way, but it will not be too late to make them a contribution.

The other families, we are sure, would appreciate some help in this situation.

HAMLIN PIPERS OPEN SEASON AT ROTAN

A large number of Hamlin football fans followed the Pied Pipers to the Rotan field for their opening game Friday night, September 9, in a non-conference clash with the Yellow Jackets.

Rotan, starting with a veteran ball club, looked very strong in the first half, presenting a strong running game, featuring Angus Smith. The major part of the first half was played in Hamlin territory and netted the Yellow Jackets two touchdowns.

A determined Hamlin High team came back in the second half to let the Rotan team cross their 50 yard line only one time. They presented a strong passing attack, featuring George Dean, J. E. Walton, Leonard Sowell and R. A. Dean, also some fine running by De France Burton and James Steed. Hamlin presented several good defensive men, led by Max Carlton. Only one man was injured during this contest, this being Raymond Elkins, starting center but he will be back in the next game.

The Hamlin boys were a bit shaky on the start, due to lack of experience, but they looked very impressive in the last period, and the Pipers show promise of a good ball club as the season progresses.

Coach Smith and assistant Grigg were well satisfied and are expecting greater things from the team.

Notice of Waterworks System Revenue Bond Election

THE STATE OF TEXAS
COUNTY OF JONES,
CITY OF HAMLIN, TEXAS

TO THE RESIDENT, QUALIFIED PROPERTY TAX PAYING VOTERS OF THE CITY OF HAMLIN, TEXAS:

Take notice that an election will be held in the City of Hamlin, Texas, on the 1st day of October 1938, on the proposition and at the place more particularly set forth in the election order adopted by the City Council on the 12th day of September, 1938 which is as follows:

--"RESOLUTION AND ORDER --

BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF ONE-HUNDRED TWENTY-NINE THOUSAND AND NO-100 DOLLARS (\$129,000) DOLLARS REVENUE BONDS FOR THE PURPOSE OF MAKING CERTAIN REPAIRS, EXTENSIONS AND IMPROVEMENTS TO THE WATERWORKS SYSTEM OF SAID CITY, AND THE PLEDGING OF THE REVENUES OF THE WATERWORKS SYSTEM TO THE PAYMENT THEREOF,

WHEREAS, there is necessity for making certain repairs, extensions and improvements to the waterworks system of the City of Hamlin, Texas; and

WHEREAS, it is considered to be to the best interest of the city that such repairs, extensions and improvements be financed by the issuance of Revenue Bonds, payable solely from and secured by an exclusive first lien on and pledge of the revenues of the waterworks system of said City, after deduction of reasonable operation and maintenance expenses, all in accordance with the provisions of Articles 1111-1113, both inclusive of the 1925 Revised Civil Statutes of Texas, as amended, and in no wise supported by an ad valorem or other tax on property in the City; and

WHEREAS, the City Council deems it necessary and proper that the question of the issuance of such revenue bonds be submitted to the qualified electors of said City,

THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

1. That an election be held on the 1st day of October, 1938, at which election the following propositions shall be submitted:

"Shall the City Council of the City of Hamlin, Texas, be authorized to issue one hundred twenty-nine thousand and no-100 dollars (\$129,000) dollars, revenue bonds of said City, maturing serially over a period of years not to exceed thirty (30), bearing interest at the rate of four (4%) per centum per annum, payable semi-annually, for the purpose of financing certain repairs, extensions and improvements to the waterworks system of said City; and to provide for the payment of principal and interest on said bonds by pledging the net revenues from the operation of said waterworks system."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed managers thereof, to wit:

D. O. Sauls, Presiding Judge,
W. D. Cooper, Judge,
Geo. A. Nicholson, Clerk,
G. R. Bennett, Clerk.

3. That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

All voters, who favor the proposition to issue the said bonds, shall have written or printed on their ballots the following words:

"FOR THE ISSUANCE OF WATERWORKS REVENUE BONDS, AND THE PLEDGING OF THE REVENUES OF THE WATERWORKS SYSTEM TO THE PAYMENT THEREOF."

And those opposed to the proposition to issue the said bonds shall have written or printed on their ballots the words:

"AGAINST THE ISSUANCE OF WATERWORKS REVENUE BONDS, AND THE PLEDGING OF

THE REVENUES OF THE WATERWORKS SYSTEM TO THE PAYMENT THEREOF."

4. That a copy of this resolution and order, signed by the Mayor of said City and attested by the City Secretary, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause this notice of the election to be posted at three public places within said City, one of which shall be at the City Hall and one in each election Precinct in said City for at least fifteen full days prior to the date of said election.

5. The mayor is further authorized and directed to cause this notice of election to be published in some newspaper of general circulation published in said City once each week for two consecutive weeks. The date of the first publication shall be not less than fourteen full days prior to the date of said election.

Passed and approved this the 12th day of September, 1938.

Joe L. Culbertson,
Mayor, City of Hamlin, Texas

WATER BONDS

(CONTINUED FROM PAGE 1)

much water it will be necessary to cover a lot of land.

French plans a concrete water line of a size that will carry 700,000 gallons per day, from the bottom of the dam in the creek to some point south of the creek here in Hamlin, where a receiving reservoir holding about one million gallons will be built from which the water will be treated and pumped into the standpipe. The water from the proposed lake will flow by gravity into Hamlin.

At this time the Herald will not say more . . . it is up to the people to say whether they want more water or not. This time the people are voting according to our laws and constitution and whatever action they take will stand up in all courts. The water revenues must pay the 4 per cent interest and retire the bonds. The more water we can use the less it should cost on the minimum basis. With ample water, we can have a town, without water, Hamlin must sink to a mere hamlet.

FOLKS, TALK THIS—ATTEND all rallies where information can be had, get ready to vote one way or the other, but most of all VOTE, October 1st.

HAMLIN METHODIST CHURCH
HOST FOR JOINT MEETING

Dr. C. A. Bickley, presiding elder, of the Abilene district, directed a meeting of preachers and laymen of his district which was held Wednesday in the First Methodist Church of Hamlin.

Pastors discussed the evangelistic work of their churches and the general financial condition. In spite of the short crops in this section, a spirit of optimism seemed to prevail and each pastor seemed confident he would take a good report to the annual conference.

At the same hour, Mrs. E. E. Tra-week, of Abilene, District Secretary of the Methodist Women's Work, conducted a meeting in which various phases of the women's work formed the program.

At noon a covered dish luncheon was served to 130 guests in the basement of the church.

Mrs. Flora Barrow and Mrs. E. Lilius, of Abilene, were guests Tuesday in the home of Mrs. Lilius aunt, Mrs. J. P. Morgan.

Homer and J. D. Raney returned this week from Houston where they have just completed a course in Diesel Engineering.

HERBINE

When headache, dizziness, sour stomach, biliousness, nausea, lack of appetite, and listlessness or that tired feeling, are associated symptoms of temporary constipation, HERBINE will bring relief. It is strictly a vegetable medicine, free from harsh mineral salts. 60c a bottle.

Mrs. Tate May and son, James Tate, have gone to Abilene to spend the present school year. Mrs. May will take work in Hardin-Simmons University towards her degree and James Tate will attend the Abilene High School, enrolled as a junior. Tate will remain in Hamlin to keep the home fires burning, but we believe it will be a safe bet that the Hamlin-Abilene highway will have some extra "May travel" these coming months.

Before going to Abilene, Mrs. May was called to San Angelo, Friday because of the illness of her mother, Mrs. Delia McIntosh. She was able to return to Abilene with Mrs. May and will spend a part of her time there.

Miss Katherine King of Wichita Falls returned to her home Tuesday after a visit here with her friend, Miss Clydene Wilson.

Miss Clydene Wilson returned Friday to Denton to resume her work in North Texas State Teachers College. She will receive her degree in January.

Mr. and Mrs. E. H. Sylvester and children, Aleene, Billie Fern and Ronald of Brawley, California came Wednesday to spend a few days with her mother, Mrs. W. H. Daniel.

Mr. and Mrs. Joe W. Crow, of Albany, are here for a few days visit with their mother, Mrs. J. R. Reynolds.

HONORED ON
SIXTEENTH BIRTHDAY

Miss Marie Akers entertained a group of friends in her home on Jackson Avenue, Monday evening, complimenting her cousin, Miss Mignon Waggoner on her sixteenth birthday with a surprise buffet supper.

A color scheme of pink and white was featured in all appointments. Sixteen tiny pink candles lighted the large birthday cake which bore the inscription, "Happy Birthday."

Guests presented the honoree a number of attractive gifts.

Those enjoying this pleasant occasion with the honoree were Misses Marian Martin, Peggy Jane Teague, Mary Marguerite Nobles, Tommy Nell Holman, Florine Morgan and Marie Akers.

PARKER MAY MARRIED

SATURDAY IN NEW YORK

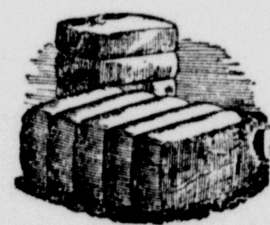

Mr. and Mrs. M. P. May received a message from their son, Parker May, of Washington City, announcing his marriage to Miss Flora Booth on Saturday, September 10. The ceremony was said in the home of the brides parents in Brooklyn, New York.

Mr. May is employed by the government in the resettlement department. Recently he paid his parents a visit and was accompanied by Miss Booth who by her charming manner made many friends in Hamlin. The Herald says to them, "Congratulations."

Mrs. W. E. Akers and her daughter, Miss Marie Akers will leave Sunday for Denton where Miss Marie will enter Texas State College for Women.

Mr. and Mrs. W. L. Fletcher and children returned Friday from Washington City where they had been to attend the National Rural Letter Carriers Convention. Mr. Fletcher was again elected National Treasurer. While away they visited a number of interesting places.

H. O. Cassle Jr., who has been employed during the summer in Lawton, Oklahoma, returned Tuesday for a visit with his parents, Mr. and Mrs. H. O. Cassle. He will leave Sunday for Waco to begin his senior year in Baylor University.

Hamlin Farmers Cooperative Gin

ORGANIZED 1927

Hamlin, Texas

TO OUR MEMBERS AND FARMER FRIENDS:

Some of our ginner friends have sent out letters stating that because of depressed crop conditions, they wished to co-operate with their farmer friends to the extent that they were going to pay a cash dividend of \$2.00 per bale on each bale ginned with them the rest of the season. Since these letters have gone out some of you have asked what we were going to do about it. If we were going to co-operate? After thinking the matter over we feel that we can't pay any cash dividends at the time of ginning. But we wish to impress you with the fact that we do believe in the spirit of co-operation. In fact, it was the cooperation we farmers got back in the year of 1926 when we paid forty and forty-five cents or our seed and \$2.00 per bale to get our cotton ginned and sold it for five and six cents a pound. That prompted the farmers of this territory to build the Farmers Gin that we now enjoy. Since we were not in the gin business at that time and couldn't enjoy that spirit of cooperation we can't feel justified in paying any cash dividends now at the time of ginning your cotton. But we want to further impress you with the thought that instead of paying \$2.00 per bale we are paying you each year the net earnings derived from ginning your bale of cotton, either in cash at the end of the season or in gin stock which will begin to draw dividends when the gin indebtedness is all retired.

As you meditate upon the above remarks we hope you will not overlook the fact that this is "your gin, my gin, and our gin," and all of the earnings that are derived from ginning cotton is figured on a per bale basis and returned to each member according to his contributions either in cash or gin stock—thus more bales more dividends.

We thank each of you for your loyalty, and cooperation and trust that you will still co-operate and join us as we strive to serve you and make our gin second to none.

Yours for better cooperation,

R. S. JOHNSON, Mgr.

Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.
